

GAAC Meeting

August 25, 2009

In attendance: Gerald Parr, Reese Todd, Peggie Price, Zenaida Aguirre-Munoz, Hansel Burley

Order of business;

1. No minutes from April as there was no meeting
2. Membership of committee
 - A. Selection of chair of the committee
 - B. Someone from EP&L needs to be selected – Perhaps an ex-officio who can provide leadership and gain consensus
 - C. Student member needs to be elected from the Student Graduate Council (Hansel will contact – needs to be someone from EP&L)
 - D. Jerry Parr suggested that he might be willing to chair the committee if he could co-chair with someone from C&I – Hansel said he would check with the Dean
3. Hansel asked to speak about to the charge of solving our problems within the college – ratio of faculty to courses – we have had a huge number of courses proposed from this college- tough issues that need to be addressed and perhaps the Dean might be a strong leadership force in the committee dealings.
4. Suggestion was made that we look at the courses that are already on the books – to see what is there, what is not being taught, what should be removed, what should remain
5. Hansel suggested that clear guidelines need to be established and that members of this committee need to be protected, this committee should be more procedural rather than political
6. Reese moved that meeting be adjourned

Respectfully submitted,

Peggie Price
